~(35.4" x 23.6" x 1/6")

35.4"

23.6"

Quantity per box:

4 panels (23.25 sq. ft.)

Composition and Finish:

Polyester fiber backing,
granulated acoustic cork core,
and metallic sheet coated with
a mixture of fibers, metallic
granules and color pigments

Installation:

Water-based contact cement or
other applicable fast bonding
construction adhesive

Fire Resistance:

(E84) fire-testing 'in process'

Dimensional Stability:

(ASTM D1204) testing 'in
process'

Customization:

Product available in custom
sizes and dimensions

*approx size in inches based on metric conversion

About us

Sustainable Materials brings cutting edge European design and innovation to the North American market by leveraging our deep manufacturing partnerships in Europe and Germany.

Having won numerous 'global' design awards and accolades, Sustainable Materials' products grace the walls and shelves of leading corporations the world over.

From Hospitality, Education and Corporate Office segments, to 'retail' channels and OEM production, our manufacturing capabilities married with our product development skills prove an invaluable asset to our partners.

Please visit our website to view our complete product line, and how we can customize products to meet your needs.
